DRIVING TOWARDS A CLEAN, SECURE ENERGY FUTURE!

National Alternative Fuel Vehicle Day Odyssey

National Alternative Fuel Vehicle Day Odyssey is a nationwide celebration conducted to educate the public about the importance of alternative fuel and advanced technology vehicles and to promote their widespread adoption.

2017

National Sponsors:

Date and Time:

National Partners:

U.S. Department of Energy

Location:

Dallas-Fort Worth
CLEAN CITIES

JOIN US AS WE DRIVE TOWARD A CLEAN, SECURE ENERGY FUTURE!

By participating in National AFV Day Odyssey, you will become part of the largest series of alternative fuel and advanced technology vehicle events in the world. Your attendance will show your commitment to cleaner air and a reduced dependence on foreign oil.

About Odyssey

National AFV Day Odyssey is a nationwide celebration conducted to educate the public about the importance of alternative fuel and advanced technology vehicles and to promote their widespread adoption.

Odyssey was developed in 2002 by the the National Alternative Fuels Training Consortium (NAFTC), a program of West Virginia University. The NAFTC has coordinated the nationwide Odyssey campaign since that time.

Odyssey consists of numerous alternative fuel transportation events hosted by NAFTC members, U.S. Department of Energy Clean Cities Coalitions, and many other groups and organizations that believe in cleaner, more energy efficient forms of transportation.

How does Odyssey make a difference?

National AFV Day Odyssey events have shown hundreds of millions of consumers the importance of alternative fuel and advanced technology vehicles and the role they play in our nation's energy security and protection of the environment.

Odyssey provides individuals of all backgrounds the opportunity to learn about and interact with alternative fuel and advanced technology vehicles. Fleet managers, first responders, teachers, students, policy makers, and the general public can learn from presentations, displays, and ride-and-drives at Odyssey events.

Odyssey Impact

Since Odyssey's inception, more than:

- 645 Odyssey events have been held
- 860,000 people have attended Odyssey events
- 600 million people have been reached by Odyssey's message through media outlets.
